CONGRESS

“This is over. We want every damn bit of evidence that every intelligence agency has. Or it’s maybe time to shut those agencies down because at the end of the day, our liberties are more important than anything else we have in this country – and they have been stampeded over by these dirty cops: the Democratic Party and the media who fails to report on it.” ...Congressman Devin Nunes
“Sunday Morning Futures with Maria **Bartiromo**,”

Speaker of the House McCarthy & Rules Package Info

“**The Republicans** were more upset with Matt Gaetz and Lauren Bobert.....than they were with the fact that the last 2 elections were stolen. Think about that.”

BRAVO – HUGE ITEM: [House Votes to Adopt Rules Package That Dissidents Demanded, McCarthy Accepted](#)

[Here's What We Got In The Speaker Negotiations \[It's Good!\]](#)...Matt Gaetz

Tyler Durden: McCarthy agreed to the following
<https://www.zerohedge.com/political/here-are-concessions-mccarthy-had-make-speakership>

- 1. It will only take a single congressperson, acting in what is known as a [Jeffersonian Motion](#), to move to remove the Speaker if he or she goes back on their word or policy agenda.**
- 2. A “Church” style committee will be convened to look into the weaponization of the FBI and other government organizations** (presumably the CIA, the subject of the original Church Committee) against the American people.
- 3. Term limits will be put up for a vote.**
- 4. Bills presented to Congress will be single subject, not omnibus with all the attendant earmarks, and there will be a 72-hour minimum period to read them.**
- 5. The Texas Border Plan will be put before Congress.** From [The Hill](#):
“The [four-pronged plan](#) aims to ‘Complete Physical Border Infrastructure,’ ‘Fix Border Enforcement Policies,’ ‘Enforce our Laws in the Interior’ and ‘Target Cartels & Criminal Organizations.’”
- 6. COVID mandates will be ended as will all funding for them,** including so-called “emergency funding.”
- 7. Budget bills would stop the endless increases in the debt ceiling** and hold the Senate accountable for the same.

Juan O Savin on Speaker of the House Position / McCarthy

- **Trump** is now the de facto ‘Speaker of the House.’

- **Kevin McCarthy** is on a very short leash. The half dozen key MAGA/ Trump Associates have McCarthy's 'word' to follow their lead. He has to keep his word because they have the leverage through their votes to remove him in an instant.
- **Therefore MAGA/Trump Associates** now have tactical control of the Rules Committee, which controls everything.
- **Dan Bishop, Jim Jordan, Byron Donalds, Chip Roy** were put on [Rules Committee] as part of the deal.
- **In the House overall, it only takes five votes to thwart anything** the other side does and as you saw we had six that didn't vote for KM. They got the motion to vacate the chair reinstated with only one Rep requesting and that will enable immediate removal, through a vote, of McCarthy if he doesn't uphold his bargain.
